Directorate D – Food chain: stakeholder and international relations
Director

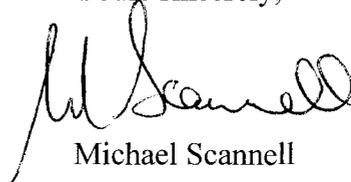

Brussels,
SANTE/D3/PD/mh (2017) 5034625

Dear Dr Savenkov,

Subject: Import requirements for reptiles, amphibians and certain species of arthropods

With reference to your letter of 22 August 2017 (your ref. FS-KS-7/17745) I wish to inform you that there are no EU harmonised veterinary import conditions for the types of animals in question. Consequently, the issue lies under the responsibility of the competent authorities of the importing EU Member State to which I would invite you to address for obtaining the relevant information.

Yours sincerely,

Michael Scannell

Dr Konstantin Savenkov
Deputy head of the Federal Veterinary and
Phytosanitary Service of the Russian Federation
