Notification of Ministry of Agriculture and Cooperatives Re:
Specification of plants and carriers from certain sources as
prohibited articles, of exceptions and conditions under the Plant
Quarantine Act B.E. 2507 (No. 5) B.E. 2550

By virtue of Article 6 of the Plant Quarantine Act B.E. 2507, revised by the Plant Quarantine Act (No. 2) B.E. 2542, the Minister of Agriculture and Cooperatives, through the recommendation of the Plant Quarantine Committee, hereby issue the following notification.

Item 1. The following Ministerial Notifications shall be repealed:

1.1 Notification of Ministry of Agriculture and Cooperatives Re: Specification of plants, plant pests or carriers from certain sources as prohibited articles, of exceptions and conditions under the Plant Quarantine Act, B.E. 2507 dated 19 November B.E. 2507;

1.2 Notification of Ministry of Agriculture and Cooperatives Re: Specification of plants, plant pests or carriers from certain sources as prohibited articles, of exceptions and conditions under the Plant Quarantine Act B.E. 2507 dated 26 April B.E. 2514;

1.3 Notification of Ministry of Agriculture and Cooperatives (No. 14) Re: Specification of plants, plant pests or carriers as prohibited articles under the Plant Quarantine Act B.E. 2507 dated 15 December B.E. 2521;

1.4 Notification of Ministry of Agriculture and Cooperatives Re: Specification of plants, plant pests or carriers from certain sources as prohibited articles, of exceptions and conditions under the Plant Quarantine Act B.E. 2507 (No. 1) B.E. 2533 dated 11 December B.E. 2533;

1.5 Notification of Ministry of Agriculture and Cooperatives Re: Specification of plants, plant pests or carriers from certain sources as prohibited articles, of exceptions and conditions under the Plant Quarantine Act B.E. 2507 (No. 3) B.E. 2538 dated 4 December 2538;

1.6 Notification of Ministry of Agriculture and Cooperatives Re: Specification of plants, plant pests or carriers from certain sources as prohibited articles, of exceptions and conditions under the
of exceptions and conditions under the Plant Quarantine Act B.E. 2507 (No. 5) B.E. 2539 dated 11 October 2539.

**Item 2.** In this notification:

2.1 “Preserve food” means food derived from any plant part in a state still considered as a plant and had passed the process that could destroy plant pests and diseases;

2.2 “Organic fertilizer” means fertilizer derived from or made of organic materials which are produced through methodologies such as moistening, chopping, fermenting, grinding, filtering, extracting or other methods but not chemical fertilizer and bio-fertilizer.

**Item 3.** Plants and carriers from any source listed with this notification are considered as prohibited articles.

**Item 4.** Exceptions or conditions:

4.1 Preserve food;

4.2 Organic fertilizers from carcasses, bones and bloods of animals;

4.3 Fresh fruits of plants that are prohibited articles as mentioned in Item 3 which are frozen under temperature lower than \(-17.8^0 \text{C} \ (0^0 \text{F})\) by stating the specified frozen temperature at the time of export on the Phytosanitary Certificate and has to be re-confirmed by the officer while it passes the process of import plant quarantine clearance;

4.4 Prohibited articles as per Item 3 that had passed the process of pest risk analysis in accordance with the criteria, methods and conditions set by the Director-General of the Department of Agriculture, whereby such prohibition has already been withdrawn from the list as proclaimed in the Notification of Ministry of Agriculture and Cooperatives, however, has to comply with the criteria, methods and conditions set by the Director-General of the Department of Agriculture;

4.5 Plants or carriers that are complied with conditions specified by the Director-General of the Department of Agriculture before import;

4.5.1 Organic fertilizers from plants or bat manures;

4.5.2 Soil used for industrial purposes.

**Transitory provisions**

1. The prohibited articles attached to this notification that has been imported into the Kingdom in the form of trade prior to the enforcement of this notification are subjected to exemption and allowed to be imported until such time that the pest risk analysis for
NPPO of exporting countries must submit technical information of prohibited articles concerned for the pest risk analysis within 120 days after the end of application period for import exemption.

Once the specified period mentioned in paragraph 1 has passed, however, if necessary, the Director-General of the Department of Agriculture who has the power to grant permission shall require the exporting country to request for import permission on a case to case basis, however, has to be undertaken for a period within 60 days.

2. This notification does not include plants that their importation have been granted on trade obligations by government sectors before this notification enter into force, except that there is reliable scientific information about the outbreak of new plant pests or the detection of new plant pests in the imported commodities, that are threat to the country’s agriculture.

This notification shall enter into force 60 days after the date of its proclamation in the Royal Gazette, and shall remain valid henceforth.

List of plants and carriers attached to the Notification of Ministry of Agriculture and Cooperatives Re: Specification of plants and carriers from certain sources as prohibited articles, of exceptions and conditions under the Plant Quarantine Act B.E. 2507 (No. 5)

1. Fresh fruits of the following plants;

   Aegle marmelos (L.) Corr. (bael fruit)
   Anacardium occidentale L. (cashew nut)
   Areca catechu L. (betelnut palm)
   Averrhoa carambola L. (carambola)
   Casimiroa edulis Llave & Lex. (casimiroa)
   Chrysobalanus icaco L. (icaco pulm)
   Clausena lansium (Lour.) Skeels (wampi)
   Cydonia oblonga Miller (quince)
   Dimocarpus longan Loureiro (longan)
   Dovyalis caffra (Hook. f. & Harvey)
   Hook. f. (kei apple) Eriobotrya japonica (Thunb.) Lindl. (loquat)
   Feijoa sellowiana (O. Berg) O. Berg (Feijoa fruit)
   Inga edulis C. Martius (ice-cream bean)
   Litchi chinensis Sonn. (lychee)
   Malpighia glabra L. (acerola)
   Mammea americana L. (mamey apple)
   Mangifera indica L. (mango)
   Myrtilloactus geometricans (Martius)
   Console (red pitaya) Nephelium lappaceum L. (rambutan)
   Olea europaea L. (olive)
   Persea americana Mill, (avocado)
   Phoenix dactylifera L. (date palm)
   Phyllanthus acidus (L.) Skeels (star gooseberry)
   Physalis peruviana L. (cape gooseberry)
*Selenicereus megalanthus* (K. Schum. ex Vaupel) Moran
(yellow pitaya)

Fresh fruits of the following plants in genus;

- *Actinidia* spp.
- *Annona* spp.
- *Artocarpus* spp.
- *Chrysophyllum* spp.
- *Diospyros* spp.
- *Eugenia* spp.
- *Ficus* spp.
- *Flacourtia* spp.
- *Fragaria* spp.
- *Garcinia* spp.
- *Juglans* spp.
- *Malus* spp.
- *Manilkara* spp.
- *Morus* spp.
- *Passiflora* spp.
- *Pouteria* spp.
- *Primus* spp.
- *Psidium* spp.
- *Pyrus* spp.
- *Rollinia* spp.
- *Rubus* spp.
- *Spondias* spp.
- *Syzygium* spp.
- *Vitis* spp.
- *Ziziphus* spp.

Fresh fruits of the following plants in family;

- Cactaceae e.g.
  - *Acanthocereus* spp.
Cereus spp.
Echinocereus spp.
Escontria spp.
Hylocereus spp.
Stenocereus spp.

Cucurbitaceae

4. Any part of the following plants;

Ananas comosus (L.) Merr. (pineapple)
Camellia sinensis (L.) Kuntze (tea) (excluding dried tea leave)
Carica papaya L. (papaya)
Cocos nucifera L. (coconut)
Elaeis guineensis Jacq. (oil palm)
Manihot esculenta Crantz (cassava)
Theobroma cacao L. (cocoa)
Zea mays L. (corn) (excluding pop corn imported for consumption)

5. Any part of the following plants in genus;

Citrus spp.
Coffea spp. (excluding fresh coffee bean)
Fortunella spp.
Gossypium spp. (excluding cotton lint)
Hevea spp. and carriers i.e. fresh latex, cup lump, slab and scrap Jatropha spp.
Musa spp.
Oryza spp. and carriers i.e. rice bran (excluding white rice, broken rice and parboil rice)
Poncirus spp.
6. Any part of the following plants in family;
   Solanaceae (excluding cigarette, tobacco and cigar)

7. Soil

8. Organic fertilizer

Notification of Ministry of Agriculture and Cooperatives Re:
Specification of plant pests as prohibited articles under the Plant Quarantine Act B.E. 2507 (No. 6) B.E. 2550

By virtue of Article 6 of the Plant Quarantine Act B.E. 2507, revised by the Plant Quarantine Act (No. 2) B.E. 2542, the Minister of Agriculture and Cooperatives, through the recommendation of the Plant Quarantine Committee, hereby issue the following notification.

Item 1. Notification of the Ministry of Agriculture and Cooperatives Re: Specification of plant pests as prohibited articles B.E. 2507 (No. 3) B.E. 2546 dated 14 October B.E. 2546 shall be repealed.

Item 2. Plant pests from any source listed with this notification are considered as prohibited articles because they are quarantine pests.

This notification shall enter into force 60 days after the date of its proclamation in the Royal Gazette, and shall remain valid henceforth.

Notification of Ministry of Agriculture and Cooperatives Re:
Specification of plant pests as prohibited articles under the Plant Quarantine Act B.E. 2507 (No. 7) B.E. 2550

By virtue of Article 6 of the Plant Quarantine Act B.E. 2507, revised by the Plant Quarantine Act (No. 2) B.E. 2542, the Minister of Agriculture and Cooperatives, through the recommendation of the Plant Quarantine Committee, hereby issue the following notification.

Plant pests from any source listed with this notification are considered as prohibited articles because they are quarantine pests.

This notification shall enter into force 60 days after the date of its proclamation in the Royal Gazette, and shall remain valid henceforth.

Given on 27 July B.E. 2550

Thira Sutabutra

(Professor Thira Sutabutra)

Minister
List of plant pests attached to the Notification of Ministry of Agriculture and Cooperatives Re: Specification of plant pests as prohibited articles, under the Plant Quarantine Act B.E. 2507 (No. 7) B.E.

PLANT QUARANTINE ACT B.E. 2507 AMENDED BY PLANT QUARANTINE ACT (NO. 2) B.E. 2542 AND PLANT QUARANTINE ACT (NO. 3) B.E. 2551

BHUMIBOL ADULYADEJ, REX Given on the 13th day of March, B.E. 2507.
Being the 19th Year of the Present Reign.

His Majesty King Bhumibol Adulyadej has been graciously pleased to proclaim that:

Whereas it is expedient to have a law on plant quarantine;
Be it, therefore, enacted by the King, by and with the advice and consent of the Constituent Assembly acting as the National Assembly, as follows:

Section 1 This Act shall be called the “Plant Quarantine Act”.

Section 2 This Act shall come into force after the expiration of ninety days from the date of its publication in the
Section 3 The Plant Diseases and Plant Pests Prevention Act, B.E. 2495 shall be repealed.

Section 4 In this Act,
“plant” means all species of plants including terrestrial, aquatic, and other kinds of plants, including any parts thereof such as the stems, buds, stocks, shoots, offshoots, branches, leaves, roots, rhizomes, bulbs, flowers, fruits, seeds, and cultures and spores of mushrooms, be they propagable or dead; including predators, parasites, silkworms, silkworm-eggs, silk-cocoons, bees, bee-hives, and microorganisms;
“controlled plant” means plants declared by the Minister in the Government Gazette as controlled plant;

("specific controlled plant ” shall be incorporated herein by Section 3 of the Plant Quarantine Act (No. 3) B.E. 2551.)

“specific controlled plant” means plants declared by the Minister in the Government Gazette. It shall require protective measures and inspection on microorganisms or other articles that are harmful to human health, in compliance with the importing country requirements prior to exportation.

“plant gemiplasm” means a group of cells with diverse inheritable genes that form pieces of plants which are alive and propagable, be they in a form of seeds, tissues, or any part of plants, including genetic materials that may inherit any characteristics controlled by them, herein specific only to those useful for breeding purposes;

“soil” means soil with organic matters or with livable conditions for
“carrier” means planting materials, soil, sand, containers or other materials in which plants are packed, organic fertilizers or others which may serve as media for the plant pests;

“prohibited article” means plants, plant pests and carriers declared by the Minister in the Government Gazette as prohibited article;

“restricted article” means plants, plant pests and carriers declared by the Minister in the Government Gazette as restricted article;

“unprohibited article” means other plants which are not prohibited or restricted articles;

“owner” includes agent of the owner, person in possession of the articles and person in charge of the conveyance transporting the articles;

("pest risk analysis” shall be incorporated herein by Section 4 of the Plant Quarantine Act (No. 3) B.E. 2551.)

“pest risk analysis” means the process of evaluating biological or other scientific and economic evidence to determine whether a pest should be regulated and the strength of any phytosanitary measures to be taken against it;

“importation” means bringing or ordering into the Kingdom by any means whatsoever;

("bring in transit ” shall be repealed by Section 5 of the Plant Quarantine Act (No. 3) B.E. 2551 and shall be replaced by the following definition.)

“bringing in transit” means bringing or sending through the Kingdom with or without transshipment;

“exportation” means bringing or sending out of the
“post-entry quarantine station” means a place declared by the Minister in the Government Gazette as a place for holding plants, prohibited articles, restricted articles, and plant germplasms for observation and research;

“plant pest controlled area” means a locality declared by the Director-General in the Government Gazette as an area for prevention or eradication of plant pests;

(“phytosanitary certificate” shall be incorporated herein by Section 6 of the Plant Quarantine Act (No. 3) B.E. 2551.)

“phytosanitary certificate” means an official document issued by the competent authority of exporting country to verify that plant, plant germplasm or carrier is free from pests, in compliance with the importing country requirements;

(“phytosanitary certificate for re-export” shall be incorporated herein by Section 6 of the Plant Quarantine Act (No. 3) B.E. 2551.)

“phytosanitary certificate for re-export” means an official document issued by the competent authority of exporting country to verify that plant, plant germplasm or carrier brought or sent into and transshipped out of the Kingdom to other countries is free from pests of re-exporting country, in compliance with the importing country requirements;

(“health certificate” shall be incorporated herein by Section 6 of the Plant Quarantine Act (No. 3) B.E. 2551.)

“health certificate” means an official document issued by the competent authority of exporting country to verify that a specific controlled plant is free from microorganisms or other articles which are harmful to human health, in compliance with the
“plant quarantine official” means the Director-General and a person appointed by the Minister for the execution of this Act;

“Minister” means the Minister in charge of the execution of this Act.

Section 5 The plant quarantine official shall bear an identification card in the form prescribed in the Ministerial Regulation, and in the execution of this Act, upon request, shall provide the said identification card to the person concerned.

(Provisions of Section 5bis shall be incorporated herein by Section 4 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 5bis There shall be a Committee called “The Plant Quarantine Committee,” comprising the Permanent Secretary of the Ministry of Agriculture and Cooperatives as the chairman, Director-General of the Department of Fisheries or representative, Director-General of the Department of Livestock or representative, Director-General of the Royal Forestry Department or representative, Director-General of the Department of Agriculture or representative, Director-General of the Custom Department or representative, Director-General of the Department of Agricultural Extension or representative, Secretary - General of the Office of the Narcotics Control Board or representative, Director-General of the Port Authority of Thailand or representative, Managing Director of the Airport Authority of Thailand or representative, President of the Communications Authority of Thailand or representative, Director of the National Center for Genetic Engineering and Biotechnology or representative. Representatives
The Department of Agriculture, for the Committee, shall be charged with the duties on technical, administrative, and procedural under the decision of the Committee.

(Provisions of Section 5ter shall be incorporated herein by Section 4 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 5ter The Expert Committee shall be in office for a two-year-term, nevertheless may be reappointed.

In case there is any reason for the Expert Committee to leave the office before the end of the term or in case the Minister appoints additional Expert Committee during the office term of the Committee, the substituted Expert Committee shall be in the office for as long as the term left for the earlier appointed Expert Committee.

(Provisions of Section 5tetra shall be incorporated herein by Section 4 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 5tetra Notwithstanding the end of office term under Section 5ter, the Expert Committee appointed by the Minister shall leave the office in case of:

(1) death;
(2) resignation;
(3) removed by the Minister;
(4) become incompetent or quasi-incompetent person;
(5) imprisoned by the final judgement to a term of imprisonment, except for an offence committed through negligence or a petty offence.

(Provisions of Section 5penta shall be incorporated herein by Section 4 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 5penta In a meeting of the Committee, the
required to constitute the quorum. In case where the chairman is not present or is unable to perform the duty, the members of the Committee present shall elect a member among themselves to preside over the meeting as a chairman.

A decision of the meeting shall be met by a majority vote. Each member of the Committee shall have one vote. In case of equality of the votes, the presiding chairman shall have an additional vote as the final vote.

(Provisions of Section 5hexa shall be repealed by Section 7 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

Section 5hexa The Committee shall have the authority as follows:

(1) provide recommendations to the Minister for the determination on name of plants, plant pests, or carriers to be prohibited or restricted articles, and of plant germplasms that shall be controlled, and of controlled plants and specific controlled plants;

(2) provide recommendations to the Minister for the determination on plant quarantine station and post-entry quarantine station;

(3) provide recommendations to the Director-General for the determination on type of business enterprises that are eligible to import or bring in transit of prohibited articles under Section 8 (2) as well as the determination on criteria, procedures and conditions for the importation or bringing in transit of prohibited articles through commercial channel or other business enterprises under Section 8 (2);

(4) provide recommendations to the
including criteria, procedures and conditions on the request and issuance of health certificate under Section 15hexa;

(6) provide recommendations to the Minister for the promulgation of the Ministerial Regulations under this Act;

(7) make recommendations to the Minister or Director-General for the amendment of this Act, Ministerial Regulations, rules, notifications or guidelines related to plant quarantine under this Act or other laws elsewhere, that cause adverse effect to the plant quarantine implementation;

(8) perform other actions stipulated by this Act or other laws to be the duties of the Committee.

(Provisions of Section 5hepta shall be incorporated herein by Section 4 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 5hepta The Committee shall have the authority to appoint one or more Sub-Committee(s) to perform any duties charged by the Committee.

The provisions of Section 5penta shall be applied to the meeting of the Sub-Committee mutatis mutandis.

(Provisions of Section 6 paragraph 1 shall be repealed by Section 8 of the Plant Quarantine Act (No. 3) 2551 and the following shall be implemented.)

Section 6 In case, where it is necessary to prevent the spread or outbreak from introduction of any kind of plant pests into the Kingdom or where it is advantageous to protect possibly adverse effect on environment or human health, the Minister by the recommendation of the Committee shall have the authority to declare, where appropriate, in the Government Gazette the name of plants, plant pests or carriers to be prohibited or restricted articles under this Act, as the case may be. Under the said declaration,
travelling from the place where there is the occurrence of that particular plant pest, report to the plant quarantine official with the form specified by the Director-General.

When it is no longer necessary, the prohibited and restricted articles mentioned in paragraph 1 shall be revoked by declaration in the Government Gazette.

(Provisions of Section 6bis shall be incorporated herein by Section 6 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 6bis For the purpose of controlling and prevention of the introduction of plant pests, the Minister by the recommendation of the Committee shall have the authority to declare the name of plant germplasms that shall be controlled in the Government Gazette.

(Provisions of Section 6bis paragraph 2 shall be repealed by Section 9 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

No one shall import or export any plant germplasms declared in paragraph 1 by the Minister, unless otherwise permitted by the Director-General, and the importation of which shall be accompanied by a phytosanitary certificate.

The request for permission and the permission under paragraph 2 shall be performed under the criteria, procedures, and conditions stipulated by the Director-General.

(Provisions of Section 6ter shall be incorporated herein by Section 6 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 6ter The plant quarantine official shall have the authority to enter the planting areas, place of collection or preservation of plant germplasms declared by the Minister under
fact or request for the permit, or related evidence from the owner or the possessor of the planting area or the said place.

*(Provisions of Section 7 shall be repealed by Section 7 of the Plant Quarantine Act (No. 2) B.E. 2542 and the following shall be implemented.)*

**Section 7** The Minister under the recommendation of the Committee shall have the authority to declare any port, airport or place with certain limit as plant quarantine station or post-entry quarantine station, as the case may be, in the Government Gazette.

*(Provisions of Section 8 shall be repealed by Section 10 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)*

**Section 8** Any person importing or bringing in transit prohibited articles shall receive permission from the Director-General and comply with the following rules.

1. The importation or bringing in transit of prohibited articles for research purpose shall be accompanied with a phytosanitary certificate, or in case where the importation or bringing in transit of prohibited plant pest or carrier which is not plant, a certification letter from the authorized agency of the exporting country shall be required to accompany with such prohibited articles.

2. The importation or bringing in transit for commerce or other purposes which shall be declared by the Director-General under the recommendation of the Committee, shall be accompanied by a phytosanitary certificate, subjected to pest risk analysis and complied with the criteria, procedures and conditions stipulated by the Director-General under the
Section 9. No one shall import or bring in transit any restricted articles unless the said restricted articles are accompanied by a phytosanitary certificate.

(Provisions of Section 10 shall be repealed by Section 12 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

Section 10. The importation or bringing in transit of prohibited or restricted articles shall be made through the plant quarantine station for inspection by the plant quarantine official, and shall be complied with criteria, procedures and conditions stipulated by the Director-General under the recommendation of the Committee and published in the Government Gazette.

(Provisions of Section 11 shall be repealed by Section 13 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

Section 11 Any person importing or bringing in transit unprohibited articles shall attach with a phytosanitary certificate and shall declare to the plant quarantine official in a format form specified by the Director-General.

(Provisions of Section 12 shall be repealed by Section 14 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

Section 12 In the execution of this Act, the plant quarantine official shall have the authority as follows;

1) search any warehouse, conveyance, package as well as any person within the jurisdiction of plant quarantine station or plant pest controlled area when there is reasonable ground to suspect that plants, prohibited articles, restricted articles or unprohibited articles have been imported or brought in transit in
is reasonable ground to suspect that plants, prohibited articles, restricted articles or unprohibited articles under possession are plant pests or harbor plant pests that may cause very serious damage and in case where there is reasonable ground to suspect that if the search warrant shall take longer time to be issued, such unlawful articles or any wrongdoings shall be removed, hidden, destroyed or changed from the original appearances, and in case where the search can not be carried out in time, it is allowable to continue until the search is completed;

(3) collect or draw sample in an adequate amount of plants, prohibited articles, restricted articles or unprohibited articles or other related articles for inspection or analysis, in case where there is reasonable ground to suspect that such articles are plant pests or harbor plant pests that may cause very serious damage;

(4) confiscate or hold plants or prohibited articles, restricted articles or unprohibited articles or other related articles in due time, where necessary, in case where there is reasonable ground to suspect that such articles are plant pests or harbor plant pests that may cause very serious damage.

(Provisions of Section 13 shall be repealed by Section 15 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

Section 13 To prevent the introduction of plant pests into the Kingdom, the plant quarantine official shall have the authority to deal with plants or prohibited articles, restricted articles, unprohibited articles or plant germplasms imported or brought in transit as follows;
(3) order the importer to send the plants, prohibited articles, restricted articles, unprohibited articles or plant germplasms infected or infested with plant pests out of the Kingdom;

(4) destroy them, where necessary, when there is reasonable ground to suspect that such plant pests may cause very serious damage and there is no alternative remedial measures under subparagraph (1).

(Provisions of Section 13/1 shall be incorporated herein by Section 16 of the Plant Quarantine Act (No. 3) B.E. 2551.)

Section 13/1 All articles that are collected, confiscated or held under Section 12 (3) and (4) and Section 13 (2), shall fall into the possessions of the Department of Agriculture, in case if there is no claim from the owners, or in case where the case is withdrew by the public prosecutor, or the final judgement is not to confiscate the articles, and the owner does not claim within ninety days counting from the date of confiscation or hold, or the date of public prosecutor withdrawal or the date of the final judgement not to confiscate the articles, wherever the cases shall be.

If the articles collected, confiscated or held under paragraph 1 are perishable, or if the articles shall be at risk to be damaged from storage or the expenses to keep the articles exceed their values, the Director-General shall have the authority to order destroying or any other means of disposal, where appropriate.

(Provisions of Section 14 shall be repealed by Section 8 of the Plant Quarantine Act (No. 2) B.E. 2542 and the following shall be implemented.)

Section 14 No one shall remove any plants, prohibited
Section 15 Any person who would like to apply for a phytosanitary certificate or phytosanitary certificate for re-export shall pay inspection and treatment fees at the rates specified by the Director-General under the recommendation by the Committee and shall be published in the Government Gazette.

The plant quarantine official has the authority to issue a phytosanitary certificate and phytosanitary certificate for re-export to the applicant under paragraph 1 and the plant quarantine official shall collect fees for the issuance of a phytosanitary certificate or phytosanitary certificate for re-export, where applicable to the rates prescribed in the Ministerial Regulation.

The request for and issuance of a phytosanitary certificate or phytosanitary certificate for re-export shall be complied with the criteria, procedures, and conditions stipulated by the Director-General under the recommendation by the Committee and shall be published in the Government Gazette.

(Provisions of Section 15bis shall be incorporated herein by Section 9 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 15bis To prevent the spread of the plant pests out of the Kingdom, the Minister under the recommendation of the Committee shall have the authority to declare the name of plants to be considered as controlled plant in the Government Gazette.

(Provisions of Section 15bis, paragraph 2 shall be repealed by Section 18 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

Any person who would like to export controlled plant under paragraph 1 shall have a phytosanitary certificate
Section 15ter In case of loss or damage in the essential matters of the phytosanitary certificate or phytosanitary certificate for re-export, the holder of the said phytosanitary certificate requiring a substitution shall request for such substituted phytosanitary certificate from the plant quarantine official.

The request for and issuance of the substitution of the phytosanitary certificate shall be complied with the criteria, procedures, and conditions stipulated by the Director-General.

Section 15tetra To facilitate plant growers for the purpose of exportation, any person who would like to request the plant quarantine official to inspect or recommend the means to control plant pests in nursery or field for exportation, shall request for registration of the said nursery or field for exportation to the Department of Agriculture.

The request for registration and the registration shall be complied with the criteria, procedures, and conditions stipulated by the Director-General.

Section 15penta To regulate plants for exportation, the Minister under the recommendation of the Committee shall have the authority to declare a plant to be specific controlled plant by indicating name, type, species or characteristic aspects of the plant,
Section 15hexa Any person who would like to export specific controlled plant shall have a phytosanitary certificate accompanying with the consignment and pay inspection fee at the rates specified by the Director-General under the recommendation by the Committee and shall be published in the Government Gazette.

The plant quarantine official shall have the authority to issue a health certificate to the applicant under paragraph 1 and the plant quarantine official shall collect fee for the issuance of a health certificate at the rates prescribed in the Ministerial Regulation.

Section 16 Any person who would like to request the plant quarantine official to perform his duties under this Act on official holidays, after official working hours or outside Government offices whether during or after official working hours, shall pay additional fees for performing his duties at the rates prescribed in the Ministerial Regulation and pay all travel expenses as necessary and actually paid to the plant quarantine official.

The criteria, procedures, and conditions of the payment of additional fees and travel expenses under paragraph 1 shall be in line with the Ministerial Rule.

Section 17 In the event of an outbreak of plant pest which might bring about serious damages, or where there is proper reason to place control in respect of plant pest in any locality, the
notification shall be posted up at the Provincial Government Office, Amphur Office, Office of Kumnan and Phuyai Ban of such locality.

Section 18 After a declaration of the plant pest control area under Section 17 has been made, no one shall take out of or bring into the plant pest control area any plants, plant pests or carriers specified in the declaration unless inspected and permitted in writing by the plant quarantine official.

Section 19 The provisions of Sections 12 and 13 shall apply mutatis mutandis to the plants, plant pests and carriers stated in Section 17 which are within the plant pest controlled area or to be taken out of or brought into the said area.

(Provisions of Section 19 paragraph 2 shall be repealed by Section 11 of the Plant Quarantine Act (No. 2) B.E. 2542 and the following shall be implemented.)

In case there is any plant pest which may cause serious damage and if it is not destroyed in time, it will cause more severe damage. The plant quarantine official may order the owner to destroy the plants, plant pests and carriers, or if necessary the plant quarantine official may destroy them by himself. In such case, the Director-General may order the owner to pay all expenses for such destruction as necessary and actually paid.

Section 20 When the Director-General finds that the plant pest according to the declaration under Section 17 has all been destroyed or that necessity no longer exists, such declaration shall be revoked.
income under the law of fiscal budget, and shall be used only in those activities specified by this Act, not for any other purposes whatsoever.

(Provisions of Section 20ter shall be incorporated herein by Section 12 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 20ter Any person who does not comply with Section 6 paragraph 2 or violates Section 6bis paragraph 2, Section 9 or Section 18 shall be fined not exceeding 20,000 Baht.

(Provisions of Section 20tetra shall be incorporated herein by Section 12 of the Plant Quarantine Act (No. 2) B.E. 2542.)

Section 20tetra Any person who resists or obstructs the plant quarantine official from performing his duties under Section 6ter shall be fined not exceeding 10,000 Baht.

(Provisions of Section 21 shall be repealed by Section 21 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

Section 21 Any person who does not comply with Section 8, Section 10 and Section 15bis paragraph 2 or Section 15hexa or violates Section 14 shall be imprisoned not exceeding one year or fined not exceeding 20,000 Baht, or both.

(Provisions of Section 22 shall be repealed by Section 21 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)

Section 22 Any person who does not comply with Section 11 shall be fined not exceeding 4,000 Baht.

(Provisions of Section 23 shall be repealed by Section 13 of the Plant Quarantine Act (No. 2) B.E. 2542 and the following shall be implemented.)

Section 23. Any person who resists or obstructs the
does not comply with the order of the plant quarantine official under Section 13(3) shall be imprisoned not exceeding six months, or fined not exceeding 10,000 Baht, or both.

(Provisions of Section 24 shall be repealed by Section 13 of the Plant Quarantine Act (No. 2) B.E. 2542 and the following shall be implemented.)

Section 24 Any person who disobeys or obstructs the plant quarantine official from performing his duties under Section 19 paragraph 2 shall be imprisoned not exceeding six months, or fined not exceeding 10,000 Baht, or both.

(Provisions of Section 25 shall be repealed by Section 13 of the Plant Quarantine Act (No. 2) B.E. 2542 and the following shall be implemented.)

Section 25 For all the offences under this Act that are only punishment by fine, the Director-General or any person appointed by him shall have the authority to perform administrative fine.

(Provisions of Section 26 shall be repealed by Section 13 of the Plant Quarantine Act (No. 2) B.E. 2542 and the following shall be implemented.)

Section 26 For all plants, plant pests or carriers under this Act which are not imported through plant quarantine station or imported or brought in transit in violation of this Act in any respect, or those which are objects of offences in connection with the plant pest controlled area as provided in Section 8 Section 9 Section 14 or Section 18 shall be confiscated regardless of whether any person is convicted by the order of the court. All articles confiscated by the order of the court shall belong to the Department of Agriculture to be managed under its discretion.
quarantine official, to issue Ministerial Regulations fixing administrative fees not exceeding the rates annexed hereto, to prescribe fees, to grant exemption of administrative fees and to prescribe other activities for carrying out this Act.

Such Ministerial Regulations shall become effective upon their publication in the Government Gazette.

(The List of Administrative Fees shall be repealed by Section 22 of the Plant Quarantine Act (No. 3) B.E. 2551 and the following shall be implemented.)
